

Expressive Arts and Design

Exploring and using media and materials and Being imaginative

Our Bright Stanley display is up in the corridor. We added to it this week by making sea turtles from paper bowls, they look great. We have enjoyed singing with Mrs Harmer helping the older children to learn some songs.

Communication and Language

Listening and Attention, Understanding and Speaking

We had to follow verbal instructions so that we could make our sea turtles. We have started to learn a new Pie Corbett story putting in some actions as we say the words.

Mathematics

Numbers and Shape, Space and Measure

We have again been counting and adding together two groups of objects to find the answer. We have also been ordering the written numbers 1-20. Lots of sorting in different ways has been happening using the Compare Bears and the sorting fish.

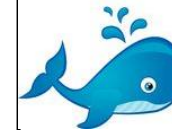

Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

During RE we talked about water and decided that water is precious. We made a list of some of the things we use water for.

Starfish Class Learning Log Wk/B 8th June 2015

Physical Development

Moving and Handling and Health and Self-care

We have started running laps round the field trying to run as many as possible in 10 minutes.

Understanding The World

People and Communities, The World, Technology

This week we have learnt about a giant squid, Orca whales and Remipedes with the help of the Octonauts. The children have created some lovely under the sea pictures using the white board in class. They are becoming confident at changing the pen size and colour.

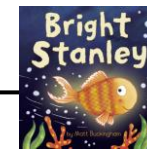

Literacy

Reading and Writing

We have done another independent writing task this week. We wrote our own under the sea adventure stories, using our phonic skills and sound mats to help us.

We have been answering questions about the stories we have read during guided reading time.

Some of the children have been doing their own writing during their busy job time. The children wrote a sentence about what they use water for on water drop shaped paper.
