

## Expressive Arts and Design

Exploring and Using Media and Materials, Being Imaginative

We learnt another song this week called 'Look What I Can Do' The children are quick to pick up the words and can be heard singing them around the school! We have used clay this week to create Gingerbread men, we used a cutter for the main shape and the children added their own patterns.

We are looking forward to painting them next week.

## Communication and Language

Listening and Attention, Understanding and Speaking

We have enjoyed listening to ebooks on the smartboard, using them as part of whole class guided reading. The children are becoming very good at talking about what is going on in a story.

I read 'Harold finds his voice' which focused our thoughts on the noises we like and dislike.

## Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We have been working on sharing resources and trying to include everyone who wants to play. We have also been remembering the importance of our manners, particularly please and thank you.

## Physical Development

Moving and Handling and Health and Self-care

Our Activate programme moved on this week, challenging the children a little more with their movements.

In PE this week we worked in teams to take out and put away mats and benches. We learnt to jump safely off the bench, remembering to bend our knees when we land.

## Understanding The World

People and Communities, The World, Technology

Buried treasure and our maths games have been popular this week again on the smartboard.

We have been thinking about the noises we can hear around us and which noises we like and don't like.

## Mathematics

Numbers and Shape, Space & Measure

We continue to count to 20 and back from 15. We have been practising writing the numbers 0-5, trying really hard to get them the correct way round.

The children have enjoyed muddling the numbers on the numberline and then putting them back in the correct order. We have enjoyed matching gingerbread to their written numbers on the smartboard. This is a variation on the previous game.

Starfish Class  
Learning Log  
Wk/B 6<sup>th</sup> October 2014

## Literacy

Reading and Writing

We have learnt the sounds *h, b, f, ff* this week and have again been having a go at writing these letters ourselves and trying to write words beginning with each sound. hat, bat, fin, puff.

In guided reading we have been focusing on the front cover, reading from left to write and pointing to the words as we read them.

Wow

Please practise writing your numbers 0-5
