

Literacy

We have been learning the rhyme; London's Burning! We have been thinking about how many syllables are in each word and in each line. We have also been creating word banks about how people felt during the fire and what they could see. We have also begun our unit on writing recounts. We will be doing this through writing diaries. This week we wrote a Christmas diary.

PSHE

We have been thinking about the different ways in which we learn. We talked about how our senses can help us to learn new things.

History

We have started to think about the similarities and differences between London today and what it was like in 1666 before the Great Fire took place.

Dolphins Learning Log

Science

We have begun to look at materials. We have thought of different words to describe them and sorted them under different criteria. We had a go at sorting objects in to a key diagram.

WOW work!

Create an animal alphabet

Maths

We have been using bead strings, hundred squares and number lines to explore our understanding of the number system. We have been getting very quick at finding the number that is 1 more or less! We have also been thinking about our number bonds to 8 and 9. We can use them to add and take away.

Phonics

We have started to learn about the alternative pronunciation of 'I' within words. For example, 'mind' as opposed to 'bin'. We have also been thinking about adding 'ed' to verbs to make them in to past tense.

P.E

In multiskills we have been using our hockey skills. We learnt how to hold the stick and dribble a ball.
