

Art

We have been drawing a lighthouse, using charcoal. We have also been weaving blue paper and card to produce our waves. These will be cut out and stuck to a seaside landscape, which we will make next week.

PSHE

We have thought hard about what makes us feel jealous or proud. We talked about when we feel proud or jealous of our friends and what to do.

Science

We have planted some flowers and have been learning about what plants need to stay healthy. We have produced a flower diary and will document how our flowers grow over the next term.

P.E

We have continued to practice our cricket skills during multiskills. This week we learnt how to hold a bat correctly and how to stand to show we are ready for the ball.

Hambledon Primary School

Dolphins Learning Log

WB: 27-04-2015

History

We have begun to find out about Grace Darling. We have been history detectives when we looked at paintings showing her heroic rescue.

WOW work!

Make a seagull for our role play area.

Maths

We have been learning how to add and subtract multiples of 10. We have noticed that our units stay the same when we add and subtract multiples of 10. We have used a 1-100 number grid to help us with this.

Phonics

We have continued to learn about 'er'. We have also been reading some nonsense words. We have looked more at the 'air' sound reading words that also have 'are' 'ear' and 'ere' in.

Literacy

We have been learning the story of Rumpelstiltskin. We have sequenced events in the story. We have also produced freeze frames in pairs or groups, to portray an event in the story. When doing this they tried to show characters feelings, using their facial expressions and posture. The children have also produced story maps to re-tell the story.
