

Art

We have been producing a seaside landscape, using collage. On to this we have stuck on our lighthouse, which we made out of charcoal and our shells, which we drew in pencil.

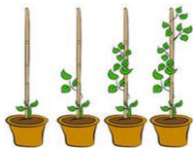

PSHE

We have thought hard about a time when we have felt jealous. We discussed how we dealt with that feeling of jealousy.

Science

We planted some pea and bean plants and discussed the life cycle of a bean plant.

P.E

We have continued to practice our cricket skills during multiskills. This week we learnt how to hold a bat correctly and how to stand to show we are ready for the ball.

Hambledon Primary School

Dolphins Learning Log

WB: 4-05-2015

History

We sequenced the events of the story of Grace Darling. Then we looked at different pictures, related to Grace Darling, and answered questions about the pictures.

WOW work!

Play 'Buried Treasure' game online.

Maths

We have been learning to add and subtract 11 from 2-digit numbers. We have used beaded bars and 1-100 grids to help us. We have also used our number bond knowledge to work out what number needs to be added to reach the next multiple of 10.

Phonics

We have been learning about different pronunciations of 'ch' as in 'chop' 'school' and 'chef'. We have been including our 'ch' words in sentences.

Literacy

We have continued to learn the story of Rumpelstiltskin. We have been producing story maps to sequence the events of Rumpelstiltskin. We have also been practicing acting out the story, so we are ready to perform it in assembly in two weeks time!
