

## RE

This week we visited the local church and had a very interesting tour around. We looked at different features in the church and why the church is a special place. We also finished off our maps of the church, sticking pictures of features within the church in the correct places.

## Science

We went on a wild flower hunt, this week, around the churchyard. We then came back to the classroom and wrote up a report of what we found on the hunt.

## Music

We have been using the ukulele to play 'It's raining, its pouring'. We had to pluck the strings for the drip drop and strum for a splash!

## P.E

We have started to have a go at different athletic activities. This week we did long jump. We surprised ourselves at how far we could jump!

Hambledon Primary School

# Dolphins Learning Log

## WB: 1-6-2015

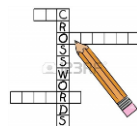

## DT

We have continued to create our lighthouses for our Lighthouse Keeper's scene. Some children have started creating Mr and Mrs Grinling's cottage using cardboard boxes and card.

## WOW work!

Can you complete the phonics crossword?

## Maths

We have continued to practice reading the time, to the half hour, on an analogue clock. We have also been learning about multiplication for the first time. We used repeated addition to help us to work out multiplication sums.

## Phonics

We have been learning about different pronunciations of the letter 'e'. We have also been using mnemonics to learn high frequency words: could, would and should. Finally, we have also been learning about different pronunciations for the letters 'ey'.

## Literacy

Using the 'The Lighthouse Keeper's lunch' story, we have created instructions, as to how to make a lighthouse sandwich. We then wrote a short sequel to this story. We have also started to read the 'Lighthouse Keeper's picnic'. With this story we have created a healthy menu for Mr Grinling and a poster advertising the village picnic, which takes place in this book.
