

Science

This week we have been learning about the different parts of the plant and learning the purpose of each part.

DT

We have continued to create our lighthouses for our Lighthouse Keeper's scene. Some children have started creating Mr and Mrs Grinling's cottage using cardboard boxes and card.

P.E

We have been perfecting our running skills ready for Sports Day! We also practiced our tennis skills.

Phonics

We have continued to practice different pronunciations of the letters 'ey'. We have also been learning about different ways to spell the sound 'ch'. We have included words with this sound into sentences.

Hambledon Primary School

Dolphins

WB: 8.6.15

Learning Log

WOW work!

Can you create a observational drawing of a flower or plant and label the parts of the plant?

Maths

This week we have been learning about division, making sure we separate into equal groups. We have also been looking at finding totals of money.

Literacy

We have continued to read 'The Lighthouse Keeper's picnic'. With this story we have written a letter to Mr Grinling, trying to persuade him to eat more healthily and stop eating Mrs Grinling's yummy unhealthy food! We have also written a setting description for when Mr Grinling goes up in the hot air balloon. Finally, we have written a character description for Mr Grinling, describing how he looks, feels and behaves.

Our school trip to Southsea.

We had a brilliant day in Southsea, we learnt a lot about the seaside. We will be using the information we collected in class next week.
