

Monday

Today we started to learn about the Hinduism. We learnt that Hindus visit a temple to pray and they may also have a shrine in their home. We looked at some traditional dress that a Hindu may wear. We learnt about the festival of Raksha Bandhan and made some bracelets to symbolise love and friendship. In the afternoon we had our tennis session where we learnt to volley and played some doubles matches.

Tuesday

Today we continued to learn about Hinduism. We learnt about the festival of Janmashtami which celebrates the birth of Krishna and of good over evil. We reflected on what it means to remember and some things that we remember. We then thought how Hindus remember Krishna. We made a Hindu shrine in the classroom and created some images of Krishna.

Learning Log

Wednesday

Today we performed our Goldilocks and the three bear's story to our parents. We were brilliant! After, we wrote a description of Goldilocks ready to make wanted posters.

In the afternoon we had multi-skills where we practiced running in a sprint and in a jog. We thought about our breathing so that we could run cross country.

No Wow work this week as it is the last week before the holidays. Please remember to bring all library books back and 2 plastic bags on Monday so that you can take your books home.

Thursday

Today we had our music concert. We showed our families what we have learnt on the ukulele and sang songs about our topic. Some of us were even brave enough to sing solo! Well done Dolphin class, another fantastic performance.

Friday

Today we have had our final assembly in our church. It is always a wonderful experience for the children to listen to other adults telling stories from the bible in such a beautiful setting. We have completed our fun run! It was hot and tiring work but we were all successful. Hopefully we will be able to raise lots of money for our efforts.
