

### Art / Design Technology

As Artists we will be developing our painting skills, colour mixing to create shades of a colour.

We will create Paintings of our favourite places in Hambleton.

### Topic – Geography

We will be looking at our local area, in particular our school and village.

We will walk into the village and visit the church and local shop and create maps of our route.

### Science

As scientists we will continue our study of our garden.

We will also be finding out about materials and which would be the best to make a comfy basket for Problem Pup.

### Mathematics

We will develop our learning of Number and Place value, Addition and Subtraction, Fractions and Measurement.

### PE

We will be developing our Gym skills and we will continue to have a session each week with the sports coach who will help us develop our games skills

## Happy Hambleton Y1 Autumn 2 Turtles Class 2015/16 Term Overview

### Music

During Music we will continue to work with Mrs Harmer to develop our musical understanding and skills.

We will also be learning our songs for our Nativity play.

### Computing

We will use the laptops and class computers to help us with all of our learning.

We will understand what algorithms are and how we use them in everyday activities and when programming digital devices to follow instructions. We will learn how to de-bug simple programmes

### English

We will be using fiction stories to look at patterns and repetitive phrases within writing and using non-fiction books to help us understand lists and ways to present information.

Phonics continues to play an important part in our reading and writing.

We will continue to read in groups and undertake a task about the reading we have done, and also use the laptops to read e-books.

We will work as a class to learn our Nativity story.

### PSHE / RE

During RE we will be learning about symbols, in particular candle light and Poppies as a symbol of remembrance.

We will be part of the nativity remembering the Christmas story.
