

Expressive Arts and Design

Exploring and using media and materials, Being imaginative

During Art this week the children designed their own dinosaurs. They had to think about the colours it might be. The children made a really lovely job of these and they are now on display in the classroom.

Some of the girls enjoyed creating a dance which they performed. It was lovely to see them working so well together.

Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We are getting back into the routines of being at school, remembering how independent we were before the holidays and trying hard to remember our manners, wait our turn and listen to others when they are talking.

Physical Development

Moving and Handling and Health and Self-care

The children have enjoyed being outside this week. We have some very good 'Hoola hoopers' in Turtles class and we had fun seeing who could 'hoola' the longest.

They enjoyed their PE lesson outside this week, developing their ball skills. Please could they all have a pair of tracksuit bottoms and trainers for outside PE.

Communication and Language

Listening and Attention, Understanding and Speaking

We have been listening to each other talk about the dinosaurs and books they have been bringing in from home. Some of the children were able to talk about their dinosaurs in some depth.

They have also enjoyed listening to some dinosaur stories.

Mathematics

Numbers and Shape, Space & Measure

We have been counting to 100 and matching the sizes of dinosaurs. They have also been using plasticine to make amounts of cakes and shapes. Some of the children have been having a go at writing their own addition sums.

Turtles Class YR

Learning Log

Wk/B 11th April 2016

Understanding The World

People and Communities, The World, Technology

This the children went on a mini-beast hunt, recording what they found and where they found it.

We started our new topic this week with the arrival of two unusual eggs which we believe to be dinosaur eggs. We are waiting for them to hatch and have been trying to predict what dinosaurs may appear. The children have made their own predictions and drawn pictures before having a go at writing a sentence about it.

Literacy

Reading and Writing

We have been reading in our guided reading books and you may have noticed that they are bringing slightly harder books home to share with you. The children have also been talking about their Easter holiday and then having a go at writing their own sentence about it. It sounds like most of them enjoyed an Easter egg hunt.

Wow

Can you create a picture of your favourite dinosaur?
