

**Topic – History**  
This week we have been looking at other nursery rhymes and showing our learning by sequencing and writing about them.

**Art / Design Technology**  
The children enjoyed making their Easter cards, learning to weave paper to create a basket to put eggs into. They really enjoyed having an older partner to help them create their brilliant Easter bonnets. They worked really well with their partners to make sure they were just right.

**Mathematics**  
We have done a bit more learning focused on place value, working with a partner and using place value cards to generate our numbers.

**Music**  
We enjoyed performing our songs for our Easter Service. We were brilliant when we had to perform in front of an audience during our music concert. We were able to demonstrate our learning when using tuned percussion instruments. Big thank you to Mrs Harmer, we couldn't have done it with out her.

**Computing**  
We had another opportunity to use the laptops to develop our skills using the computer programme Turtle, programming the turtle to follow instructions to move over the screen leaving a trail behind it.

Turtles Class Y1  
Learning Log  
Wk/b 21<sup>st</sup> March 2016

**English**  
During phonics the children have been practising their phonics skills by blending and reading alien and real words, being careful to use our sounds knowledge to say the words correctly. Please encourage your child/children to practise all of their sounds.

**Science**  
During Science this week, we finished off our unit of work about light and had another look at the changes that are occurring in our garden. We were very excited at the hatching of one of the eggs. We have a beautiful black, fluffy and very lively chick.

**PE**  
The children's multi skills session again focused on striking and fielding. PE sessions are on a Tuesday and a Thursday. Please remember indoor and outdoor kit including appropriate footwear for both.

**PSHE/RE**  
We started our Easter celebrations off by taking part in the Easter service in Church. We enjoyed singing our seed song.
