

## Expressive Arts and Design

Exploring and using media and materials, Being imaginative

The children enjoyed making Easter bunnies from our favourite resource (paper plates) this week.

## Communication and Language

Listening and Attention, Understanding and Speaking

The children have been learning about traditional tales and how the same story can be changed and have been talking about the similarities and differences between different versions of the story Jack and the Beanstalk.

## Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

The children have been playing cooperatively, taking turns and trying hard to take on board other children's ideas and suggestions.

## Mathematics

Numbers and Shape, Space & Measure

We have been learning about adding two single digit numbers this week in Maths. Looking at the symbols + and = and how to write a simple addition sum.

We have also been practising our number formation.

## Turtles Class YR Learning Log

Wk/b 14<sup>th</sup> March 2016

## Understanding The World

People and Communities, The World, Technology

The children are still counting down the days to when our eggs will hatch. We are hoping that this will happen sometime next week.

The sun was shining on Tuesday and the children went on a shadow walk around the school, looking for the places they could see shadows and what happens to them, do they stay the same or do they change and finding out why they change.

## Literacy

Reading and Writing

Jack and the Beanstalk, has inspired our Literacy this week. We have watched and listened to different tellings of the story and then sequenced another version of the story. I have been checking the children's phonic/sound recognition so we know which they need to focus on.

## Physical Development

Moving and Handling and Health and Self-care

The children enjoyed taking part in their sport relief challenge and pedalled their way through 15 minutes and counted the number of laps they managed to do.

The children enjoyed bouncing on two feet, taking off on 1 foot and landing on two feet. Exploring the apparatus was fun, going in and out, underneath, over and along then jumping off.
