

## Expressive Arts and Design

Exploring and using media and materials, Being imaginative

Spring chicks have been the theme for our art - work this week. The children have created some lovely paintings of chicks, thinking about the colours they used,

## Mathematics

Numbers and Shape, Space & Measure

We have been learning about time this week in Maths. Thinking about the different times we do activities during our day. The children have had the opportunity to work with the Y1 children to use clocks to show times.

## Physical Development

Moving and Handling and Health and Self-care

During PE this week the children have been travelling different directions, jumping 1 foot to 2 feet, hopping, skipping and jumping and using low apparatus to travel along and jump off.

## Communication and Language

Listening and Attention, Understanding and Speaking

This week we have been practising our songs for the Easter Service, making sure we sing clearly and join in with the actions.

## Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We have been remembering to wait our turn and how to be a good friend.

# Turtles Class YR Learning Log Wk/b 7<sup>th</sup> March 2016

## Understanding The World

People and Communities, The World, Technology

There is a lot of interest and excitement amongst the children about the eggs in the incubator. They are counting down the days to when they will hatch. The children have been building on their knowledge of light and sources of light. They walked around the school discussing and observing different light sources. They then chose 4 of them and drew a picture of each.

## Literacy

Reading and Writing

We have enjoyed listening to some well, known nursery rhymes and retelling them ourselves. We have been using our sounds to read and write words and enjoyed practising our handwriting. We have also been thinking about how to explain something, using our learning about materials to explain why plastic is a good material to use to make something waterproof for Problem Pup.

*Please could the children bring in a torch next Tuesday for their science lesson. Thank you.*
