

Art / Design Technology

We have made paper plate, hand-printed poppies to create bunting as our symbol of remembrance. We have also finished our designs for our printed Christmas cards and bag for life.

Mathematics

The children have been working with a partner using the 5 dominoes to add the two numbers together, turning their findings into written sums. Using dice to add 1, 2 or 3 to, again writing the sums.

We also sorted and matched pictures of fireworks to the correct written number.

Topic – Geography

Some of the children talked about the places they had been during the break.

English

We started reading and re-telling the story 'Bears in the night listening out for the repetitive phrases and putting in actions. This led us to talk about and list day time and night time animals. We have started planning our own Bears in the Night story. We thought about fireworks and came up with some words to describe them, we wrote some of these words onto firework shapes.

In phonics we have learnt the sound 'aw' and its variations 'or' and 'au' and 'wh'

Turtles Class Y1

Learning Log

Wk/B 2nd November 2015

RE/PSHE

This week we have been thinking about poppies as a symbol of remembrance and candles as a symbol of light. We also learnt a little bit about Guy Fawkes and why we have bonfire night.

Music

We have been following a graphic score and exploring percussion instruments

PE

The children enjoyed their Multi-skills session with the coach this week. They are now working on team games.
