

Expressive Arts and Design

Exploring and using media and materials and Being imaginative

Our clay mini-beasts are now painted, and our sock caterpillars look great. We enjoyed singing our song about a caterpillar, and we are now looking forward to learning some new songs.

Communication and Language

Listening and Attention, Understanding and Speaking

We made a brilliant job of our assembly. All the children learnt their rhymes, words and song and managed to use their big talking voices to make themselves heard. Well done Starfish!

Mathematics

Numbers and Shape, Space and Measure

We have been counting to 40, ordering the numbers 0-20 and counting on and back from a given number.

We are still measuring our sunflower plants, the numbers are now getting quite big to count. We have used small mosaic squares to make butterflies the same on both sides.

Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We have enjoyed earning learning hero stickers, which of course means house points. Well done again, to those children who earned a house point for reading their school reading books at home 3x this week and for doing brilliant Wow work. We have been trying very hard to remember to tidy up after ourselves, and playing appropriately with our resources.

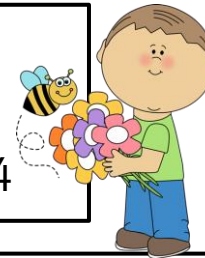

Physical Development

Moving and Handling and Health and Self-care

We have been thinking about how we can look after ourselves in the sun (when it decides to make an appearance!) applying sunscreen before coming to school, Wearing a hat outside and remembering our water bottles were all ideas the children had.

Starfish Class
Learning Log
Wk/B 19th May 2014

Understanding The World

People and Communities, The World, Technology

This week we have learnt about Ants, Butterflies, Moths, Spiders, Centipedes and a snail using CBeebies Mini beast Adventures to help us. We have been creating mini-beast homes using the things we can find in our garden. Thank you to Charlie for bringing in a Wormery and Ant home for us to set up. Unfortunately our tiny caterpillars are still snuggled safely in their cocoons, although two of them look like they may make an appearance soon. Fingers crossed!

Literacy

Reading and Writing

We have been reading and sorting jumbled sentences based on the story 'Norman the Slug with the Silly Shell' and sorting jumbled mini-beast words. We have been playing 'speed sounds' writing down the capital letter that matches its lower case friend as fast as we can. We continue to use our phonics to help us read our guided reading books and play phonics games.

Wow
Can you create a picture about your May half term break.
