

Expressive Arts and Design

Exploring and using media and materials,
Being imaginative

Bright Stanley has influenced our artwork this week, we are creating a wall display of Stanley and we used our hand prints to create his scales.

We started learning a song in Music about our senses.

Communication and Language

Listening and Attention, Understanding and Speaking

We have started to learn a new story, joining in more and more with the words and actions as we get to know the story. We have been trying to wait our turn and listen to each other during group and busy job times.

Mathematics

Numbers and Shape, Space and Measure

We have started to use the symbols + and = when talking about our sums, adding 2 single digit numbers in a practical way.

We are still measuring our sunflowers, The children have noticed that some of them are taller than they are.

Personal, Social and Emotional Development

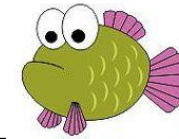

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

Our confidence to talk in front of the class has continued to develop this week when the children have been sharing their half term news.

We have also been remembering the need to respect each other and the resources we use, making sure we tidy up after ourselves so that things/activities are ready for someone else to use.

Starfish Class Learning Log Wk/B 2nd June 2014

Understanding The World

People and Communities, The World, Technology

Our new topic is under the sea. We made a list of the things we already know about life under the sea and also a list of things we would like to find out. We have had the help of the Octonauts, helping us to find out a little more about different sea creatures.

We went up onto the hill behind the church on Thursday and were lucky enough to see part of the Red Arrows display, commemorating D-Day

Literacy

Reading and Writing

We used a phoneme frame to help us spell words and to help us work out the missing sound.
ne_t, (next) li_t (list)

We used our phonics and sound mats to help us write a sentence about our half term break.

We have been going over our keywords and reading our guided reading books.

Physical Development

Moving and Handling and Health and Self-care

On Monday we put our trainers on and started our training for the fun run by walking 5 times round the school field. We have continued this by walking or running for 5 minutes the other days this week.

Wow

Can you draw a picture of your favourite Octonaut.
