

Under the Sea

Expressive Arts and Design

Exploring and using media and materials,
Being imaginative

We now have a brilliant collage of Bright Stanley on our wall and the children have been adding to it by colouring and drawing other sea creatures.

We started learning a song in Music about our senses.

Communication and Language

Listening and Attention, Understanding and Speaking

We are doing really well at learning our new story, putting in more actions as we get to know the story. We have been trying to wait our turn and listen to each other during group and busy job times.

Mathematics

Numbers and Shape, Space and Measure

We have continued to use the symbols + and = when talking about our sums, adding 2 single digit numbers in a practical way. Some of us have written our sums.

Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We have been thinking about the warm weather and the need to look after ourselves in the sun. Some children have been applying sun cream (sun cream applied in the morning at home should be sufficient if it is an all day one) and we have all been trying to remember our water bottles and to wear our hats when outside.

Physical Development

Moving and Handling and Health and Self-care

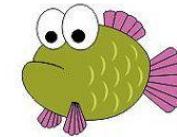

We are continuing our training for the fun run by walking/running for 5 minutes, the children have been doing really well this We have continued this by walking or running for 5 minutes the other days this week.

Starfish Class

Learning Log

Wk/B 9th June 2014

Understanding The World

People and Communities, The World, Technology

We have been learning about different sea creatures using books and also with the help of the Octonauts. Some brilliant pictures of the Octonauts were handed in for wow work, well done.

We have been remembering the importance of playing in safe places and being careful and respectful when playing in the churchyard.

ICT has been helping us to develop our maths and language skills.

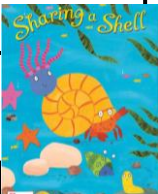

Literacy

Reading and Writing

We have been playing games of 'Quick Write', writing down a spoken word as quickly as possible whilst thinking about the sounds that make up the word.

We used the story 'Sharing a Shell' to help us solve our jumbled sentences.

We are continuing to go over our keywords and reading our guided reading books.

Wow

Can you draw/create an under the sea picture for our wall.
