

Expressive Arts and Design

Exploring and using media and materials,
Being imaginative

We have nearly all made bottle fishes, they are displayed in and outside the classroom and look great.

The children have been creating their own under the sea pictures in the creative area and have been drawing characters and creatures that feature in Octonauts.

Communication and Language

Listening and Attention, Understanding and Speaking

Our story for assembly next week is coming along really well, we are trying to remember to put in the actions as well as remember the words.

We have been remembering to wait our turn and listen to each other during group and busy job times.

Mathematics

Numbers and Shape, Space and Measure

We have continued to use the symbols + and = when talking about our sums, adding 2 single digit numbers in a practical way.

We have been using number cards 1 to 10 to generate the numbers for our sums.

Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We have again been thinking about the hot weather and the need to look after ourselves in the sun, trying to remember our water bottles and to wear our hats when outside.

Children have been working and playing really well together this week to create mini beast shelters and under the sea worlds in the water tray.

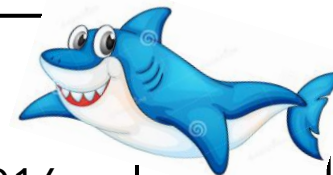

Physical Development

Moving and Handling and Health and Self-care

We are continuing our training for the fun run by walking/running for 10 minutes each morning before it has got too hot. We were lucky enough to work with the PE coach on Wednesday when we did some Multi skills. We did really well.

Starfish Class Learning Log Wk/B 16th June 2014

Understanding The World

People and Communities, The World, Technology

We continue to learn about different sea creatures with the help of the Octonauts and using books.

We have been drawing pictures of sea creatures for our morning task.

We have enjoyed using Espresso and Phonics play on the Smartboard to support our phonics learning.

Our garden is starting to bloom, some of the Sweet peas and Nasturtiums are now in flower and we hope to see some Sunflowers soon.

Literacy

Reading and Writing

We have been learning to read the words 'some' and 'come' and playing 'filling in the blanks,' saying what the missing sound in a word is.

We wrote a sentence about our favourite sea creatures and said why we like them.

Lots of certificates have been given out this week for keywords. Well done.

Wow

Can you create a picture of a starfish?
