

Autumn Term 2

Hambledon Primary School

Dolphins Class

Mrs Sansom / Mrs McLauchlan

Monday

This morning we were busy learning about fractions. We split number into halves and quarters. We also wrote some letters to Father Christmas!

In the afternoon we learnt about the season of advent. We have made our own advent calendar display.

Tuesday

Today we have been learning about multiplication. We used arrays to help us solve multiplication problems. We have been busy rehearsing for the nativity. We enjoyed a great music lesson with Mrs Harmer where we learnt to dance the twist!

Learning Log

Week beginning: 30.11.15

Queens

Wednesday

Today we had our dress rehearsal for our nativity. We performed it for the pre-school.

We have made a model of angel. We had to draw a half circle for her body and our handprints for her wings. They are all now flying in the corridor. We finished the day by doing some more work on multiplication and division. We used cubes and bead strings to help us share in to groups.

Thursday

Today we did our first official performance of our nativity. We were brilliant! Thank you to all that came to support us.

We have been busy making our Christmas cards using finger paints.

In the afternoon we had great fun in multiskills working in teams. We had to throw tennis balls through hoops to score points for our team.

Friday

Today we did our second official performance of our nativity. We were fantastic! Thank you to all that came to support us.

We have also made a Christmas bauble for our Christmas tree in the hall.

In the afternoon we designed a Christmas card for the competition set by the builders fixing Hambledon's pipe!
