

Literacy

We enjoyed performing The Three Billy Goats Gruff story to the school and have been writing sentences to describe the Troll

We have written stories to explain 'What happened next' in the *Lighthouse Keepers Lunch*. We tried hard to use time connectives in our writing, such as *first*, *next*, *then*, *after that* and *finally*, and to start our stories in interesting ways.

Science

We have been exploring the electrical circuits. Our challenge was to make the light bulb light up!

PE

We enjoyed our tennis session and have been learning balls skills in multiskills.

Hambledon Primary School

Dolphins Learning Log

Art

We have been looking at parts of pictures and using our imaginations to think hard about what the rest of the picture could be. We used a small part of a photo to paint the rest of the scene.

WOW work!

In Art we have been framing parts of objects to observe and draw. Find a window with an interesting view. Use the window frame as your viewfinder. Carefully observe the view and draw what you can see. Remember the details!

W/B 6.5.14

Maths

We have been continuing to order numbers and look for patterns to help us add on or take away ten more quickly.

We have been weighing objects with cubes and rounding the amounts to the nearest 10. We have also practiced our number bonds to 10 and to 100.

History

We have used picture sources to answer historical questions about Grace Darling.

Phonics

In phonics this week we have looked at the sounds 'ear' and 'ere' in words such as *year* or *here*.
