

Literacy

We have been continuing our storytelling and created our own story using a story map to help us. We have been having fun telling our stories to our classmates. We have read *The Lighthouse Keepers Catastrophe*. We have thought of different ways for Mr Grinling to get his keys back and written explanations. We have also written character descriptions for Mr Grinling.

Science

We made a circuit with a light bulb, battery, switch and wires on a circuit board. We drew the circuits we have made.

RE

We have been thinking about the special clothes that people wear for different occasions and what the purpose of them are. We talked about times when we wear special clothes.

Dolphins Learning Log

History

We have imagined that we were William Darling, Grace's father, and wrote diary entries to describe the amazing rescue.

WOW work!

Can you round the numbers in your book to the nearest 10.

Maths

We have been revising our addition skills and been adding in the context of weight, length and money. We have been using number lines to support our thinking and help us with our addition sentences.

Art

This week we have been looking closely at photos of beach scenes. We have been using our imaginations to think about what happened before and after the photo was taken. We then expressed our ideas through drawing.

Phonics

We have been learning to spell words with 'ere' and 'ear' in them such as here, fear and even persevere!
