

## Literacy

We have been reading some poems and talking about what we like about them. We have been using similes to write poems about sand.

## Science

We have been continuing to learn about all the components that are needed to ensure a circuit works. We've been looking at diagrams of broken circuits and thinking hard about why they wouldn't work.

We will be making a working lighthouse with a circuit. Please can you bring in a cardboard tube that would be suitable to hold wires.

## Phonics

We have been playing phonics games such as dominoes, snap and picture match up to help us to learn the long vowel sounds. We have focused on split vowel a-e.

# Dolphins Learning Log

## Art

We have been creating collages that represent the story of The Rainbow Fish.

## Maths

We have been using the balance scales to weigh objects and add them together.

We have been finding the difference between numbers in different ways. We have used blocks, cards and number lines. We have even had a go at drawing our own number lines.

## Music

We have continued with our practise on the ukulele. We are playing along to the song 'Rain, rain, go away'.

## **WOW work!**

OO wordsearch

Write the correct words to match the picture then find the words within the wordsearch.

## P.E

We had fun playing tennis at the village tennis court. We had fun learning racket skills and playing a mini game.

We have continued to do multiskills developing our ball and balance skills.
