

## **STINGRAYS' LEARNING LOG**

**Week Beginning: 12th May 2014**

### **Literacy**

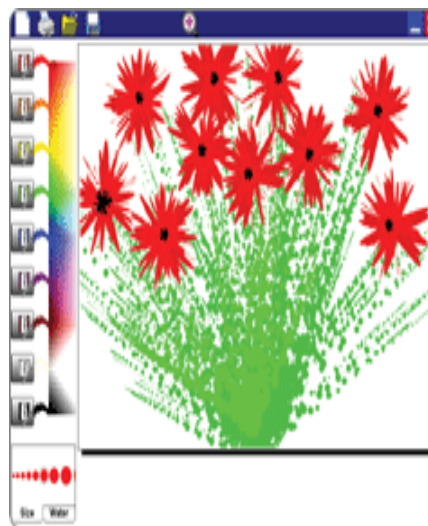

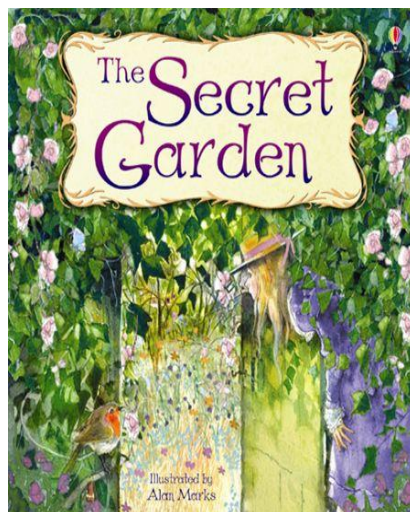

This week in Literacy, we have begun reading 'The Secret Garden' by Francis Hodgson Burnett. On Monday, we made predictions about the book based on its title and front cover. On Wednesday, we read and discussed the opening pages and wrote a description of the main character Mary.

### **Maths**

On Monday in Maths, we focussed on word problems. We had to identify the operation and number sentence needed to solve the problem, before calculating the answer. On Wednesday, we continued to use a numberline in solving word problems in addition and subtraction. Some children solved a range of problems involving all four operations.

### **Science**

We have continued to look at the progress of our seeds. We have looked at the importance of the roots and used the school grounds to dig out some weeds from the flowerbed.

### **Art**

On Tuesday, we used the ICT package '2Paint a Picture' to create a piece of art inspired by Vincent Van Gogh's work.

### **Music**

This week the children sung a round and accompanied with open strings. They listened to Pachelbel's Canon and discussed how the layers built up as instruments were added.

### **PE**

In PE this week, we have developed our throwing skills. Using different sized balls, we have learnt to throw and catch from sitting, kneeling and standing positions.

### **Homework:**

The children have their weekly spellings to learn as well as their Plants project to work on (due in next week). Remember if you read 3 times at home you will be awarded a house point.

### **French**

The children continued to practise the date of their birthday. They also played Bingo.
