

Week Beginning: 10th February 2014

Literacy

We have been learning a Pie Corbett story called 'Jack and the Beanstalk'. We have retold the story with actions to the rest of the school in assembly. We have followed this up by creating a cartoon strip of their own version. The children have also written a speech from the point of view of a famous Victorian.

Maths

We have been revising number bonds to 20 and 100 hundred. The children have sorted a range of word problems into different operations before completing. The children have investigated number sequences by identifying the rule.

History

This week, we concluded our History topic on the Victorians. We all enjoyed Victorian day on Tuesday! The children looked fantastic in their costumes, and enjoyed taking part in traditional lessons such as reading, writing and arithmetic. Thank you very much to all parents for providing such wonderful costumes. Thank you also for coming along to the exhibition after school. We're sure you'll agree that the children have worked extremely hard during this topic!

As the children have worked very hard this half term, we won't be issuing any written homework during half term. We would, however, like children to try and read at least 4 times over the break. Many thanks.

RE

In RE this week, we discussed what the miracle stories told us about Jesus. We also considered why these stories are important for Christians.

Art

This week in Art, we finished our module on William Morris by evaluating our work. We all agreed that we had enjoyed finding out about this Victorian artist, and were pleased with the tiles and textiles pieces that we had created.
