

Expressive Arts and Design

Exploring and using media and materials and Being imaginative

As artists we will work together to create displays. We will create pictures and make 3D models of sea creatures.

As musicians we will be using percussion instruments to play along to the songs we sing, thinking about beat, rhythm and pitch, we will be learning some songs about sea creatures.

What is your favourite sea creature?

Communication and Language

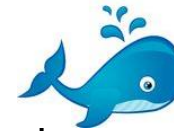

Listening and Attention, Understanding and Speaking

We will use stories and poems about sea creatures as a stimulus for our play and writing and to influence our group discussions.

We will work together to retell a story, changing our voices to reflect the different characters and adding in actions

Under the Sea Summer 2 Starfish Class Term Overview

Mathematics

Numbers and Shape, Space and Measure

Our number skills will continue to develop through counting, adding and subtracting single digit numbers and we will develop our skills of solving problems including doubling, halving and sharing.

We will continue to focus on 2D and 3D shapes.

We will be sequencing whilst looking at the life cycle of butterflies.

1, Social and Emotional Development

Relationships, Self Confidence and Self-awareness and Managing Feelings and Behaviour

We will continue to develop our skills of sharing, taking turns, working together in pairs and large groups. We will be developing our skills at taking messages and taking responsibility for our own actions.

We will work together to learn words to re-tell a story.

Physical Development

Moving and Handling and Health and Self-care

We will be continuing to develop our Games skills and our races and activities for Sports morning.

We will continue to develop our gross motor skills, using the bikes outside and negotiating large apparatus.

Understanding The World

People and Communities, The World, Technology

We will be enlisting the help of the Octonauts to help us learn about different sea creatures and their environment. We will take a trip to the Blue Reef aquarium to reinforce and enhance our learning.

We will continue to observe the life-cycle of caterpillars from caterpillar – Butterfly. Our Caterpillars are currently in their cocoons.

We will continue to develop our computer skills, finding information whilst researching and using the 2simple software to create sea creature pictures.

We will develop our role-play area into an underwater explorer sub. And the children will have opportunities to develop their own role-play.

Literacy

Reading and Writing

We will continue to develop our skills to blend our sounds to read and write words and practice our letter formation. We will put words we have written together to make sentences and sentences together to write short stories and record information we discover about sea creatures.
