

Expressive Arts and Design

*Exploring and using media and materials,
Being imaginative*

We will be learning how to mix colours, and explore tools for painting such as, paint brushes, rollers, sponges and our own hands working together to create a wall display.

As musicians we will be learning to sing a range of songs and rhymes about 'ourselves' and thinking about beat and tempo

Autumn colours will influence some of our pictures and collages.

Communication and Language

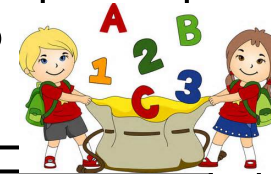

Listening and Attention, Understanding and Speaking

We will be talking about ourselves, the things we like/dislike and the activities we enjoy and do not enjoy doing. We will think about why this might be. We will imagine and re-create roles and experiences through small world imaginative play and in the role-play area.

Magical Me Autumn 1

Starfish Class 2014/15 Term Overview

Personal, Social and Emotional Development

Making Relationships, Self Confidence and Self Awareness and Managing Feelings and Behaviour

We will form good relationships with peers and adults and understand what makes a good friend.

We will become familiar with the school rules and understand behavioural expectations in school.

We will develop our understanding that we get better at things the more we do them.

Physical Development

Moving and Handling and Health and Self-care

We will be developing our Gymnastic skills, learning to travel around under, over and through balancing and climbing equipment.

We will develop our big movements when pedalling the bikes and our smaller ones when drawing and when getting changed for PE.

Understanding The World

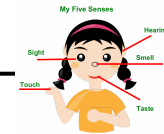

People and Communities, The World, Technology

As Scientists we will find out about our senses and what we use each of them for.

We will think about the clothes we wear and their different textures and materials, Autumn will also influence our investigations.

As Historians we will think about the past and present in our own lives, comparing what we could do as babies with what we can do now.

We will develop our mouse control when using computer programmes, and create pictures of ourselves using the 2Simple software.

Mathematics

Numbers and Shape, Space and Measure

We will have opportunities to develop our maths understanding and skills through counting a range of objects correctly, recognise numbers to 10 and beyond, represent numbers in a variety of ways i.e. marks on paper, pictures and by writing numbers, recognise 2D shapes, and describe their properties, and we will be hunting for shapes in our school and sort objects by colour/shape etc.

We will also be singing a range of number rhymes and songs.

Literacy

Reading and Writing

We will be reading fiction and non-fiction books related to our topic.

We will talk about the pictures in our guided reading books.

We will be learning our sounds during our phonics time and starting to blend them together to create words.

We will also be learning to recognise alliteration and rhyme. We will be learning to give meaning to the marks that we make and develop our name writing and the writing of other familiar words

thinking about letter formation
